

Process Engineer Water Technology (m/f/d)

KHS is a subsidiary of Salzgitter AG. As one of the world's leading manufacturers of filling and packaging systems for beverages and liquid food we are a world-class player. Our customers have trusted in our passionate pioneering spirit and first-class technologies for over 150 years. However, we can only remain world class if we continue to find new employees who make just as high demands of themselves and the quality of their work as our customers make of us at KHS. Are you one of them? We are currently seeking an Process Engineer Water Technology (m/f/d) to join our "Innoplant" department at our Bad Kreuznach site.

Einsatzort: Bad Kreuznach | Rheinland-Pfalz

Ihre Aufgaben

- Intensive customer consulting and design of industrial water and wastewater treatment plants for turnkey projects in the beverage industry, worldwide.
- Analysis of customer requirements and local conditions of the respective region.
- Conceptual preparation of internal and external tender documents.
- Planning of treatment plants for all required process water and wastewater for turnkey projects using all standard market technologies.
- Quotation preparation and project handling for water technology in the beverage industry.
- Supplier selection and technical clarification for water and wastewater treatment plants.
- Project execution for water plants in close cooperation with the Project Manager.

Ihr Profil

- Technical training or degree (e.g., process engineering/mechanical engineering with a focus on water technology or comparable)
- Several years of professional experience in technical sales or in the planning of water technology, ideally in the food or beverage industry
- Excellent knowledge of MS Office and MS Project
- Business-fluent English; knowledge of another foreign language is desirable
- Goal-oriented and structured approach to work
- Ability to work in a team, assertiveness, and professional demeanor
- Efficient time management, flexibility to adapt to project requirements, strong customer focus, and willingness to travel internationally
