

Process Engineer Utility Systems (m/f/d)

KHS is a subsidiary of Salzgitter AG. As one of the world's leading manufacturers of filling and packaging systems for beverages and liquid food we are a world-class player. Our customers have trusted in our passionate pioneering spirit and first-class technologies for over 150 years. However, we can only remain world class if we continue to find new employees who make just as high demands of themselves and the quality of their work as our customers make of us at KHS. Are you one of them? We are currently seeking an Process Engineer Utility Systems (m/f/d) to join our "Innoplant" department at our Bad Kreuznach site.

Einsatzort: Bad Kreuznach | Rheinland-Pfalz

Ihre Aufgaben

- Intensive customer consulting and design of utility systems for turnkey projects in the beverage industry, worldwide.
- Analysis of customer requirements and local conditions within the respective region.
- Conceptual preparation of internal and external tender documents.
- Planning of utility systems and media distribution for turnkey projects to ensure a reliable supply of all required media to production and filling lines.
- Quotation preparation and project handling for utility systems in the beverage industry.
- Supplier selection and technical clarification for utility systems as well as energy and environmental topics.
- Project execution for utility systems in close cooperation with the Project Manager.

Ihr Profil

- Technical training or degree (e.g., process engineering, mechanical engineering, or similar)
- Several years of experience in technical sales or in the planning of industrial engineering systems, ideally in the food and beverage industry
- Practical knowledge of industrial engineering systems in the food and beverage industry is desirable
- Excellent knowledge of MS Office and MS Project
- Business-fluent English; knowledge of another foreign language is a plus
- Goal-oriented, structured approach to work, as well as the ability to work in a team, assertiveness, and a professional demeanor
- Efficient time management, flexibility to work according to project requirements, strong customer focus, and willingness to travel internationally
