

Salzgitter Flachstahl GmbH • 38223 Salzgitter

To all suppliers

Salzgitter, 17.10.2023

Ladies and gentlemen,

we want to inform you, that the companies Salzgitter Flachstahl GmbH, Peiner Träger GmbH, Ilseburger Grobblech GmbH und Mannesmann Grossrohr GmbH are going to convert their current ERP system to SAP S/4HANA on November 1st, 2023. This will involve various changes.

Purchasing documents created in the previous ERP system will be transferred to the new SAP. In these migrated documents, the first number after the hyphen will be replaced by the corresponding letter of the alphabet. In addition, the three leading positions will be renamed due to organizational reasons.

Example for a purchase order: 710-4301205873 becomes AHC-D301205873

For the contracts transferred from the old system, the sequential number had to be supplemented with a "J0" in the first and second position.

Purchasing documents issued in the new SAP system receive a new document number range, which may differ from the usual document number range.

In the future, unless electronic data exchange already takes place, purchasing documents will be mainly released electronically and sent by e-mail as a PDF.

At the same time as the switch to SAP S/4HANA, we are introducing a new tender platform and replacing the previous application. The producer of the tool remains Futura Solutions GmbH. You will receive the access data for the new tender platform if you are asked to submit an offer via this method. Further information can be found at this web link: <https://www.futura-solutions.de/lieferanteninformation-salzgitter/>

From Wednesday, November 1st, 2023 we will work with the new SAP system. However, we ask for your understanding that in the period following the conversion, corrections may be necessary with regard to inquiries, orders, and contracts.

Please pass this information on to other areas of your company if necessary. You can also find this information on the Internet homepage of Salzgitter Flachstahl GmbH:  
<https://www.salzgitter-flachstahl.de/en/information-material/supplier-information/sap-conversion>

We would like to thank you in advance for your support and understanding and are looking forward to continuing our good cooperation.
